

HEXAOIL NK

AOX Free Multipurpose Fat liquor

HEXAOIL NK

- is an ideal product for light weight leathers especially garment and upholstery leathers
- imparts excellent softness and fluffiness to leathers with waxy touch
- exerts a penetrative fat liquoring effect with soft and mellow feel
- Can be used alone or as a major component in fat liquor combination. Depending on the desired effect **HEXAOIL CF** can be combined with **HEXAOIL CF** and **HEXAOIL LN**.

STORAGE

This product has a shelf life of one year if it is stored in its original sealed packing at temperatures between 5°C and 40°C. Some slight sedimentation may appear if stored for prolonged time under warm conditions. But this does not affect either the solubility or the efficiency of the product. Mix well before use Product Drums should be tightly resealed each time material is taken from them and their content should be used up as soon as possible after they have been opened.

Note: HEXAOIL NK is supplied in the form of an emulsion and as such it is subject to small variation in color and consistency. However this has no influence on the technical properties of the leather.
